9th class student

	ASK	WAIT	LET THEM SOLVE	GET ANSWER	LEAVE
TASK LIST	<p>Task 1 : Ask the question in group via image/ text / voice</p> <p>Subtask : Elaborate the question.</p>	<p>Task 2 : Wait for the solvers to join</p>	<p>Task 3 - Solvers give the answer</p> <p>Subtask -</p> <ol style="list-style-type: none">1.Solver reads the question2. Solvers ask for clarity in question3. Solvers solve it4. They send an answer	<p>Task 4 - Asker accepts the answer</p> <p>Subtask</p> <ol style="list-style-type: none">1. Asker accepts the answer via a tag on card	<p>Task 6 - Asker and solvers leave</p> <p>Subtask</p> <p>Provide feedback</p>
FEELING ADJECTIVE	Curious	Frustrating	Happy to receive an answer	Satisfied	Glad
IMPROVEMENT OPPORTUNITIES	<p>A person can elaborate adding voice notes/ image/ text.</p> <p>He should have an option to share it to other groups like whatsapp, study group etc.</p>	<p>Always keep users informed" and don't let them wait. Always keep users informed about their current status.</p> <p>Provide them an option to explore p2p</p>	<p>Click and enlarge image to read clearly</p> <p>While asking or sending a message other than answer we can provide a seperate send button or we can provide a tag on every card to mark an answer.</p> <p>Solvers can send it via image/text/voicenote. There is a possibility to add video as well</p>	<p>A tag on those cards can be provided which are marked by the sender as an answer via a seperate send button or a tag on card</p> <p>As soon as the asker accepts an answer he gets a popup to rate the solver whose answer they have accepted</p>	<p>We should take feedback only from asker as sender is already helping and shouldn't be prompted via messages and notifications.</p> <p>Asker can be asked " Did you get the solution" - only when the sender claims an answer and asker didn't accept. If he has accepted we can take rating there itself</p>
